### 4.0 POLICY

#### 4.1 Scope of Policy

**4.1.1** This policy defines standards and requirements relating to the expenditure of university funds. All university colleges, departments, units, and all persons employed part-time or full-time by Utah Valley University, including faculty, staff, executives, and student employees, shall comply with all applicable laws, government regulations, and these standards and requirements. In addition, all university employees must comply with the current university guidelines for appropriate expenditures, which can be accessed at the Policy Office website. Failure to comply with this policy and associated guidelines may lead to discipline, up to and including termination.

**4.1.2** As a public institution, the University is committed to transparency in the use of funds entrusted to it, and is accountable to numerous constituents for the appropriate and prudent use of funds from various sources. This policy cannot anticipate every situation that might give rise to legitimate business expenses; in some cases, reasonable and necessary expenses incurred may require additional documentation, explanation, or a higher level of authorization. In the event an expense is not specifically covered by this policy or applicable federal laws and governmental regulations, state laws, and university guidelines, employees shall consult with Finance and Business Services.
